

ALUMINATOR Grinding Wheel

The Aluminator Grinding Wheel is engineered to grind aluminum fast while leaving a quality consistent finish.

METALS

Aluminum - Non-ferrous

PRODUCT FEATURES

Naturally non-loading, no lubricants in wheel
Cool grinding action
Maximum operator control
Excellent surface finish

APPLICATIONS

Aluminum trailers
Tank fabrication
Aluminum boats
Aluminum beveling

UNIQUE QUALITY

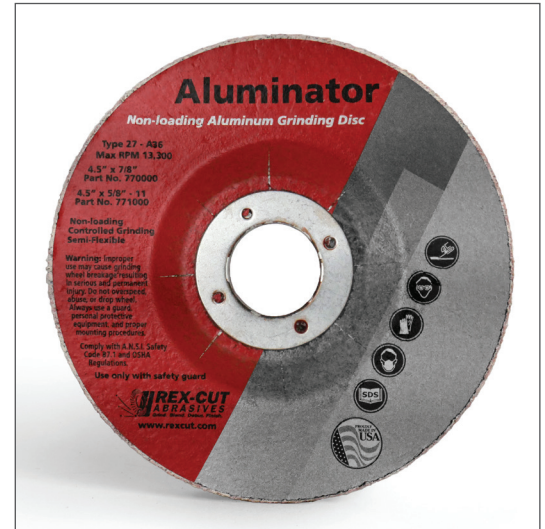

Due to the specialty cotton fiber abrasive material, these wheels break down as heat is generated, resulting in sharp grain constantly being exposed to the work surface. This eliminates loading and the need for wax or grinding aids

SPECIFICATIONS

Grain Types
Aluminum Oxide
Grain Sizes
36

AVAILABILITY

DIAMETER X ARBOR		GRIT	MAX RPM	PART #
